

The Simple Truth about Healers and Lights

On August 23, 1964 William Branham said that the Beatles were healers:

“Speaking in tongues is a gift of the Holy Ghost. How many knows that? **Divine healing is a gift of the Holy Ghost, and here Beatles are doing it.**”

William Branham also claimed that his own ministry was vindicated by healing and a pillar of fire:

“I got letters after letters from Des Moines, that stomach trouble left, and all kinds of diseases left the people, after we were gone. And it's just a vindication of the Presence of the resurrected Lord Jesus.”
(June 20, 1954)

“But under Moses' ministry, **there was a supernatural Pillar of Fire**, a Light that hung with the camp. **There was Divine healing ...It was a sign of a living God among His people.**”

But The Apostle Paul said:

“For such people are **false apostles, deceitful workers, disguising themselves as apostles of Christ.** And no wonder! **For Satan disguises himself as an angel of light.** So it is no great thing if his servants also disguise themselves as servants of righteousness. **Their destiny will be according to their works.**”
(1 Cor. 11:13-15, Holman Christian Standard Bible)

The picture on the left is the photograph that is shared in Message circles showing the “pillar of fire” resting on William Branham’s lapel.

The picture on the right is expanded to include an open door, through which light is shining onto William Branham's suit and tie.

These photographs simply vindicate that there is a light source on the other side of the doorway.
